No Field Counterpart to this HN

1. The Agency has an active in-house military reserve program for qualified employees. This program permits Agency military reservists to develop and maintain skills in areas of interest and value to themselves and to the Agency. The Office of Personnel, Staff Personnel Division, Military Personnel Branch (OP/SPD/MPB), manages and administers the Agency-dedicated reserve units (Army, Navy, Air Force, and Marine) and administers the Agency employees assigned to these units. All assignments are voluntary, and overt and covert employees are members.

25X1

2. The existence and identity of the dedicated CIA reserve units are known within the military community, and the identity of participating reservists cannot be totally protected. The policy of permitting both overt and covert employees to belong to these units has given rise to cover and security problems.

25X1

3. Agency employees under cover are no longer permitted to join CIA-administered military reserve units. Covert employees now in these Agency-dedicated units will be permitted to remain in them unless the sensitivity of their cover or factors such as a projected overseas assignment mitigate against their continued membership. These individual decisions will be made by the Central Cover Staff (CCS), in consultation with the

Overt employees now in Agency-dedicated military reserve units may remain in them unless they change to covert status, which requires their withdrawal. ☐

All Agency military reservists associated with any reserve unit, Agency dedicated or otherwise, who have not previously submitted a Form 879, Outside Activity Approval Request, should do so at this time. The request will be forwarded through the employee's component, the Office of Security, and CCS to OP/SPD/MPB. All new candidates for active affiliation and participation in any military reserve program must submit a Form 879 for approval. ☐
